6. In paragraph 13, it notes that 25% of the scoring will be applied to Qualifications and experience of assigned staff and 25% of the scoring will be applied to Project Approach and Methodology. However, I did not see any items within the RFP that addressed these two categories. Please advise upon what basis the committee will make these determinations? **Answer: Proposals should include the names, qualifications and experience of all personnel that will be assigned to the project. Evaluation committee member will utilize this information in grading that criteria. Is our position on this correct? **Answer: You are correct in your understanding. The JLA will not apply to the resulting agreement.**
