Members absent:

Staff present: Caroline Barker, Susan DelTufo, Julie Baker, Vickie Fielder

The meeting was called to order at 4:00pm by Tracey Segal. Vicki Degroat motioned to approve the minutes. Caroline Barker second the motion. All were in favor.

Mrs. Barker explained that they are picking out what the new building will be furnished with. New desks and chairs are being decided on. There will be a partial C.O. in July of 2017 and a full C.O. on August 1st 2017. New tile and roofs will be placed in the existing buildings over summer of 2017.

Vicki Degroat announces that Eric Granitur offered to do the hydroponics in the garden. It would cost \$250 per year for the seeds for the kale plants. Vickie Fielder offers to have the Physical Education children to help maintain the garden as part of their special time. Caroline Barker suggests that the plants from the garden could be sold at the farmers market. Tiffany Justice presented that Beachland could start a gardening club to help maintain the plants in the garden and add another activity for the school.

Changing school times was discussed at the meeting. Tiffany Justice explained that there is a committee for this announcement and encourages for people to discuss this subject with other parents. Tiffany explains that she wants more people to be involved and to hear everybody's opinions. Tracey Segal provides us with the scientific research behind the idea of changing school times.

Caroline Barker discussed open enrollment notifying everyone that maximum capacity for Beachland next year is 536 children. Once at 90% of 536 the school is at capacity.

Susan DelTufo explains that on February 25th from 10-2pm, there will be an event at the Indian River mall for Kindergarten Sign Up.

Vicki Degroat motioned to adjourn the meeting at 4:50pm with a second by Tracey Segal.
