Treasurers Report

Same as last month.

Request: TV studio is 13 years old, running on last legs and has been going down completely. The fix is temporary but need to things to match today's tech standards. To completely overhaul the studio will be between \$2500-3000 dollars. This will include 2 cameras, 2 tripods, video switcher and encoder, hdmi better quality for Safari Montage.

Questions: Why will district not pay- District says it is all now school based

Can the current tripods still be used? (group then went to check the tripods- were top of the line at the time they were purchased, still in good condition and can save \$80)

What is the current budget in SAC?- 11,472 last checked

Can there be a safeway to add \$ for a clip/ adaptor for tripod- there can be a range not to exceed \$100 over budgeted amount

Maschhoff makes motion to approve request minus the tripod. Motion seconded by Paschall. Motion based, all approved.
