SAC Meeting

Osceola Magnet School

3:50- 5:05

March 14, 2017

Janine Jones called the meeting to order at **3:50**. **Attendance:** Scott Simpson, Janine Jones, Kevin Oberlink, Kim Rahal, Cindy Rodriguez, Anna White, Marie Gruber, Ruth Jasmin, Brian Holmes, Jennifer Tripp, John Young, Michael Greto, Curtis Carpenter, Wendy Garcia and Janice McCord. **Guests**: Nate Bruckner, Kerri Wall, Sally Brown, and Tiffany McKenzie.

Minutes Approval: A motion was made by Ruth Jasmine to approve the February minutes and seconded by Brian Holmes.

School Start Times: Kim Rahal informed us of a Survey, developed by committee, with three start time options that will be coming to us for fall 2018, via a Focus Link, and on the District Website after Spring Break. There will be public service announcements and a paper version will be provided.

Technology: A presentation from Tiffany McKenzie familiarized us with her departments district responsibilities. She discussed Digital Learning and how we can teach elementary students to use technology effectively. One way for teachers to access tools to assist students is through Learning.com. Discussed that Rosewood has embraced Learning .com and the Media Specialist is offering lessons when students go to this special. They helped the media specialist set up her classes. Learning.com is already ready to go in every school. It varies school to school on if it is used and how it is used. There are also FSA tutorials. Teachers just hit assign. The classes are already in there and teachers just need to select their class. There are many options on how teachers assign the lessons. Data is accessible on how students are performing. The site has parent letters, and many resources available. This resource addresses one of our 3 barriers on the SIP. The other two are access to computers and time available. They can send us a link to the "12 essentials to Digital Literacy" in Learning. Com. This is a list of grade appropriate standards per grade level. The consensus is we need a laptop cart for the media center.

Technology Survey: Wants this to be given to teachers so that it can be completed and returned immediately. Looking for feedback on the content of the survey. One suggestion for number 6- "any other areas of concern."

    Meeting was adjourned at 5:05.
