

Sebastian Elementary School
School Advisory Committee Minutes
April 19, 2016

Members in Attendance

Katy Bartolini, Tish Hart, Marguerite Ogilvie, Audra Lydick, Rachel Holpfer, Donna Ross,

School Improvements

- The money for school improvements comes out of our Capital Outlay Account.
- The school will be painted on the outside.
- The carpet will be replaced in the 600 wing and other areas.
- Sound Panels will be installed in the cafeteria.
- The air conditioning unit will be worked on. They are going to remove the unit and work on the chiller.
- They may possibly lift the trees due to the debris clogging our drains.

Moonshot Reading Challenge

-The Learning Alliance has created a Moonshot Moment Million Pages Campaign. They have created a website for community members to log the pages they read to see how quickly our community can read one million pages.

- Join our reading crew by logging onto the following web site.

www.moonshotmoment.org/million.

-Mrs. Hart showed the committee how to log-in, join the Sebastian Elementary reading crew and how to log the pages read.

Title I

- Our school will be a Title I school next year.
- More than 75% of our children are on free or reduced lunch.
- We have been allocated money for extra staff. Mrs. Hart has been allocated funds to hire a Math Coach and 1 extra position. She is thinking about hiring teacher assistants for the extra position instead of a teacher. We can get more help for our buck.
- We will also get a supplement for Parent Nights. We will educate them with different strategies to use with their children at home with skills.
- Title I monies are split across all Title I schools equally.
- Mrs. Hart will have to document how she is using Title I funds in the school and how they will be used for our children to improve academically in our School Improvement Plan for next year.
