Title I

- Krista Sadlers from the District Office came and gave us an overview of Title 1.
- We are one of three new schools this year who will receive Title 1 Support. There are 11 Title 1 schools in our district.
- It is a Federal Educational Program in U.S.
- Schools receive Title 1 services based on their reduced and free lunch program.
- Title 1 supplements the academic programs already in place at the schools. The extra funding provides extra instructional materials and staff, afterschool programs, family programs, etc.
- The parents were provided with a Family Engagement Survey to fill out and return.

Recruitment to SAC

- We had our meeting in the cafeteria before Open House. The PTA provided dinner. While the parents were eating dinner, they were able to learn more about Title 1 and their services.
- Members of SAC were able to approach parents about our committee and get contact information for our future meeting in September. At this time, we will vote in new members.
