8) New Business: A question was raised by Mr. Young regarding SAC funds and programs that they fund. Ms. Bieber explained that she can't speak to the school's history, since she is new to the school, but explained that the funds are spent on programs that will benefit ALL students. There is a potential to earmark funds in the future to pay for after-school tutoring if current budget is depleted. Mr. Young recommended that it should be a goal of SAC to make sure there are funds left over at the end of the year to apply to next year's budget.

Ms. Bieber invited the committee to add suggestions for topics for next SAC meetings. Mr. Young requested an update on Athletics and Performing Arts. Ms. Gruber asked for updates on Academic awards as well.
