

## SAC Meeting Notes

5/18/2016

8:04 AM Meeting opened with Kelley Rowe making a motion to approve the last meetings minutes.

7/0 were in favor with a yea.

### Updates:

Pool is up and running great! We now have a contract with the gas company to keep the service ongoing and open for summer school.

All teacher vacancy are filled for summer school including working the ESY.

All students are placed in program models for next school year.

The Extended School Year dates are set for June 13- July 8 with July 4 off as a holiday.

KP mentioned district budge begins in a deficit with the state only giving a 1% increase for next year's budget. This conflicts with teachers receiving 1% increase in salaries. With 49 students it looks like we will be keeping all staff. We have 3-4 more students coming next year, but our numbers fluctuate throughout the year.

### ESY (summer school)

There is not a lot of time for summer break due to the early start to next school year. There will be new staff for summer school along with construction going on campus wide. Many classes will be doubling up on students. There are curriculum packs developed to reteach and remediation type of work.

### Open Agenda

Faculty – got everything we could imagined fixed.

### Suggestions-

Kathy Quick states “keep up the good job!”

8:25 meeting adjourned

Next meeting will being a new school year in the fall sticking with the date of the third Wednesday of every month.
