

SAC 5/17/2017

Present at meeting: Kathy Pierandozzi, Jenna Bouineu, Tara McFarlane, Kelley Rowe, Alejandro Remy,

Approval of minutes 3/15

5/0 yea

Year Closing

Keys, radios, communication equipment will be turned in on Tuesday except for one radio per class that will be turned in on the last day of school. All papers, posters and items will be taken off walls along with counter space and desk cleared. Classroom location changes will be taking place and teachers were emailed for their preferred room location.

ESY

Scheduling has been set for the summer school program. There will be extensive construction during the summer school session. The construction will take place along the backside of the main office building and to the living learning lab. The ramp will be updated to the current ADA compliance codes.

Principal Updates

Kathrine Pierandozzi shared about receiving the 57-thousand-dollar grant from John's Island Foundation with the collaborative efforts of Education Foundation to develop a real-life living, learning lab.

Special thanks to the relationship we developed with Special Olympics and completing our first Motorized Activity Training Program (MATP) day. It was a huge success where students were recognized in participation of physical activities.

Open Agenda

Tara McFarlane commented that the water day was a huge success and saw great enjoyment by all students.

Meeting adjourned: 8:25 AM.
