School District of Indian River County

Welcome to the Indian River Schools SIS parent registration portal. The Focus Parent Portal is a tool designed to enhance communication and involvement for you in your child's education. This portal will allow you to monitor your child's progress in school by providing timely access to both assignments and grades that are entered by the teacher throughout the grading period. This communication tool will improve your ability to assist your child and to communicate with the teacher if necessary.

If you wish to create a Parent Portal Account, you have three options to choose from:

1. If you do not know your child's Student ID number, you cannot register from home and you will need to visit your child's school and bring with you a valid Driver's License or a government-issued photo ID.
2. If your child's social security number is on file with the school district and you know your child's Student ID number, you can register from home. By using a valid email address, you can create and activate your account using the attached directions.
3. If you know your child's Student ID number but your child's SSN is not on file with the district or you are not willing to provide the last four digits of your child's Social Security Number, you can create an account from home using the attached directions but will need to visit the school to activate your account.
