Principal's Good News:

Construction on the entrance has begun and is “expected” to be completed by late July/early August. There is a 5-year strategic plan for our school and they are looking at trying to improve the drop-off/pick-up loop as well as increase parking areas.

There will be 3 active shooter code red drills coming up, one each month (March, April & May). Students are being educated and drills have been planned to avoid testing weeks. FSA testing begins on April 2nd.

An app for teachers and staff called Mutual Link will alert law enforcement of an active shooter immediately. It will only work when on school grounds.

Brenda Carley shared information from the positive climate dress code committee. Overall, recommendations so far have been made to help reduce any gray areas.

Upcoming event dates were shared. All can be found on the SRMS Calendar.

Meeting Adjourned: 4:30 p.m.

Next meeting on April 16, 2019
