Dear Ms. Beckham,

I am confused by all the emails...Could you please help explain which meeting I am required to do, the day and time please?

I am the mentor for Kayla Pearson at Vero Beach High School-Main Campus.

This was a lot to adsorb and keep straight with everything going on. Thank you for your understanding.

Sincerely,

Jimmy Bowes

Thank you, Terri and Sandy!

I really appreciate all the support offered to new teachers that this district provides. I do think the opportunity to speak with other new teachers is amazing. Like Sandy said, we do have a meeting at 1:00 that the two of us are in. We are in constant communication and she's very helpful whenever I need it and very supportive.

If there is another opportunity to share with others, please let me know. I'd love to be able to listen in!

With compassion and grace,

Christina Tilley

Good morning!

I hope this email finds you well and that your first two weeks of online teaching and learning is going as smooth as possible. Understandably, this is new to everyone, and the learning curve is greater for some than others. SDIRC teachers are truly doing an amazing job being best by kids! Way to teach!

Your role as a school based mentor is truly invaluable. We do not want that support to end just because we are not teaching within the walls of our schools. Please join me in a 30 minute session on **Wednesday, April 15th from 1:00 - 1:30 pm** to connect with other mentors, ask questions, and learn some ways you can keep in touch with your mentee.

If you need something before we meet, please reach out. I am ALWAYS happy to support in any way I can.

Subject: New Teacher - Teams

Good afternoon!

I hope this email finds you well and that your first two weeks of online teaching and learning is going as smooth as possible. Understandably, this is new to everyone, and the learning curve is greater for some than others. SDIRC teachers are truly doing an amazing job being best by kids! Way to teach!

Teaching is exciting, and as a new teacher, you are experiencing something unprecedented in the beginning of your career. Support is essential, and with your mentor not readily available due to social distancing, we do not want support to end just because we are not teaching within the walls of our schools. Please join me in a 30 minute session on **Wednesday, April 15th from 2:00-2:30 pm** to connect with other new teachers, ask questions, and refresh your understanding of new teacher responsibilities.

If you need something before we meet, please reach out. I am ALWAYS happy to support in any way I can.

Hi!

I have a planning meeting at 2 with my administration and coaches. Which of these meetings do I go to?

Subject: New Teacher - Teams

Good afternoon!

I hope this email finds you well and that your first two weeks of online teaching and learning is going as smooth as possible. Understandably, this is new to everyone, and the learning curve is greater for some than others. SDIRC teachers are truly doing an amazing job being best by kids! Way to teach!

Teaching is exciting, and as a new teacher, you are experiencing something unprecedented in the beginning of your career. Support is essential, and with your mentor not readily available due to social distancing, we do not want support to end just because we are not teaching within the walls of our schools. Please join me in a 30 minute session on **Wednesday, April 15th from 2:00-2:30 pm** to connect with other new teachers, ask questions, and refresh your understanding of new teacher responsibilities.

If you need something before we meet, please reach out. I am ALWAYS happy to support in any way I can.

Hi Terri,

Thank for reaching out to us. My mentee, who is my ELA partner in 5th grade, and I have been in constant communication as we together learn how to online teach. We have planned together all year and she has been an amazing coworker. Unfortunately she has already decided not to come back next year (which I am devastated about!) Anyway, I am not sure if this makes a difference in my status as a mentor. Please let me know, and if you think I should attend the meeting today.

Thanks,
Danielle

Subject: Mentoring - Teams

Good morning!

I hope this email finds you well and that your first two weeks of online teaching and learning is going as smooth as possible. Understandably, this is new to everyone, and the learning curve is greater for some than others. SDIRC teachers are truly doing an amazing job being best by kids! Way to teach!

Your role as a school based mentor is truly invaluable. We do not want that support to end just because we are not teaching within the walls of our schools. Please join me in a 30 minute session on **Wednesday, April 15th from 1:00 - 1:30 pm** to connect with other mentors, ask questions, and learn some ways you can keep in touch with your mentee.

If you need something before we meet, please reach out. I am ALWAYS happy to support in any way I can.

Subject: New Teacher - Teams

Good afternoon!

I hope this email finds you well and that your first two weeks of online teaching and learning is going as smooth as possible. Understandably, this is new to everyone, and the learning curve is greater for some than others. SDIRC teachers are truly doing an amazing job being best by kids! Way to teach!

Teaching is exciting, and as a new teacher, you are experiencing something unprecedented in the beginning of your career. Support is essential, and with your mentor not readily available due to social distancing, we do not want support to end just because we are not teaching within the walls of our schools. Please join me in a 30 minute session on **Wednesday, April 15th from 2:00-2:30 pm** to connect with other new teachers, ask questions, and refresh your understanding of new teacher responsibilities.

If you need something before we meet, please reach out. I am ALWAYS happy to support in any way I can.

Hi Terri,

My mentees and I are in meetings all morning and I am meeting Maryann after lunch through Teams so that I can show her how to load our new ULS lessons in our student's accounts. We have been collaborating several times each week via phone, text, and Teams, so supporting them isn't an issue for us. Stay healthy!

Hi Terri,

My mentees and I are in meetings all morning and I am meeting Maryann after lunch through Teams so that I can show her how to load our new ULS lessons in our student's accounts. We have been collaborating several times each week via phone, text, and Teams, so supporting them isn't an issue for us. Stay healthy!

Subject: Mentoring - Teams

Good morning!

I hope this email finds you well and that your first two weeks of online teaching and learning is going as smooth as possible. Understandably, this is new to everyone, and the learning curve is greater for some than others. SDIRC teachers are truly doing an amazing job being best by kids! Way to teach!

Your role as a school based mentor is truly invaluable. We do not want that support to end just because we are not teaching within the walls of our schools. Please join me in a 30 minute session on **Wednesday, April 15th from 1:00 - 1:30 pm** to connect with other mentors, ask questions, and learn some ways you can keep in touch with your mentee.

If you need something before we meet, please reach out. I am ALWAYS happy to support in any way I can.

Hi Terri,

Spencer Marsella is a new teacher to the district and has participated in all of our monthly STAR coursework. She heard about a "new teacher training" today and had not received an invitation. She reached out to me while I was on the virtual admin training.

I know how hectic everything is right now and would be happy to help Spencer in any way. If this was the April STAR, I can share the documents with her but wanted to be sure you have her listed for future training opportunities.

Thank you!

Subject: Mentoring - Teams

Good morning!

I hope this email finds you well and that your first two weeks of online teaching and learning is going as smooth as possible. Understandably, this is new to everyone, and the learning curve

is greater for some than others. SDIRC teachers are truly doing an amazing job being best by kids! Way to teach!

Your role as a school based mentor is truly invaluable. We do not want that support to end just because we are not teaching within the walls of our schools. Please join me in a 30 minute session on **Wednesday, April 15th from 1:00 - 1:30 pm** to connect with other mentors, ask questions, and learn some ways you can keep in touch with your mentee.

If you need something before we meet, please reach out. I am ALWAYS happy to support in any way I can.

Shannon's start date with us was October 28, 2015. She did leave for one year, so is in her 4th year teaching with us.

Alicia is harder to find out right now because she is new to us this year. I will let you know ASAP.

Hi Laurie.

I am hoping you can help me with this. After meeting today with new teachers district wide, Alicia Burt (IRA) and Shannon Brown (GMS) mentioned they are in their actual 4th year of teaching. Alicia had three years in SLC before coming to us. Can you confirm this? Shannon mentioned she was at Oslo a year, went to SLC, and this is her second year at GMS.

Just wanting to know if I need to keep them in the STAR Program.

Good evening Liz.

Thank you for making me aware of this. Below is who I have "labeled" as new teachers for TCE. The last column is the assigned mentor.

If she is a new teacher, we surely want her to be supported. I am glad that she has attended all the STAR Meetings on your campus. May I ask, is this her first year? I want to be sure my records truly reflect what is happening at each school.

Thank you!

Hi Terri,

Spencer Marsella is a new teacher to the district and has participated in all of our monthly STAR coursework. She heard about a "new teacher training" today and had not received an invitation. She reached out to me while I was on the virtual admin training.

I know how hectic everything is right now and would be happy to help Spencer in any way. If this was the April STAR, I can share the documents with her but wanted to be sure you have her listed for future training opportunities.

Thank you!

Hi Terri!

I meant to ask yesterday but I did not know that for the 'Teacher Needs' section of the mentor log that we had to take a survey. Could you send me the link to that survey again? I ask my mentor about it and she didn't know either so it must have just slipped through the cracks so to speak.

Thank you for all you do!

Subject: New Teacher - Teams

Good afternoon!

I hope this email finds you well and that your first two weeks of online teaching and learning is going as smooth as possible. Understandably, this is new to everyone, and the learning curve is greater for some than others. SDIRC teachers are truly doing an amazing job being best by kids! Way to teach!

Teaching is exciting, and as a new teacher, you are experiencing something unprecedented in the beginning of your career. Support is essential, and with your mentor not readily available due to social distancing, we do not want support to end just because we are not teaching within the walls of our schools. Please join me in a 30 minute session on **Wednesday, April 15th from 2:00-2:30 pm** to connect with other new teachers, ask questions, and refresh your understanding of new teacher responsibilities.

If you need something before we meet, please reach out. I am ALWAYS happy to support in any way I can.

I put her in my log for administration so I was wondering if I could use her. I am also still speaking with Ms. Brickles. We had a teams chat yesterday.

- What area of growth will you focus on during quarter four? Please describe the need in detail. You may choose to continue with the same area from last quarter.
- What are some challenges, if any, you are currently facing in the digital classroom?
- What type of professional development/support would be beneficial to you right now?
- What support would be helpful from your school-based mentor?

Good morning Debbie.

Thank you for reaching out! Christie is a veteran teacher, and the new teacher meeting was intended for teachers who have been teaching three or fewer years. The level of support for Christie is probably quite a bit less than a novice teacher. This does not mean, being new to the district, that she does not need support. I would encourage you guys to fill out a mentor log, so you can receive in-service points for your work with her. Thank you so much for your diligence to this. I am grateful for our school based mentors.

Please do not hesitate to reach out should you have further questions or concerns.

Subject: Today's Mentor Meeting

Good evening!

It was a pleasure meeting with you today via Teams. We appreciate you taking the time to meet with us to review the Mentor Log requirement, see what's working best for you and your mentor as you collaborate, and to answer your burning questions.

As promised, here are a few links to view previous screen-casts.

- [Sharing Mentor Log in OneDrive](#)
- [SDIRC Mentor Log](#)

Attached to this email, you will find a blank copy of the Mentor Log. We suggested to the new teachers that they share this document with you via OneDrive. The directions to do so are in the first link above. Please note that the PD Team will be collecting these completed Mentor Logs the last week of May, so please encourage your mentee to keep them updated.

If you would like to review today's meeting or watch it for the first time because you were unable to make our session, please go into the chat. This video is only available for 20 days, so please keep that in mind.

Some of you were not able to access the PD Survey in the chat, so please [click this link](#) to take the short survey to receive your PD points for today's session.

We are here to support you as you work with our newest professionals, so please be sure to reach out. Have a great rest of your week!

Subject: Jasmine's Survey Results

Good morning!

Below you will find Jasmine's survey responses. As you know, this information will help you tailor your support to her as she grows in her practice. Again, thank you for your work with her. YOU are appreciated!

5. What area of growth will you focus on during quarter four? Please describe the need in detail. You may choose to continue with the same area from last quarter. *

Time management. As a new teacher, transitioning from second to third grade, I initially felt very overwhelmed. So much pressure is put on high-stakes testing (FSA), Unify, or making sure that students master all the standards within the given time frame. We are forced to move at such a fast pace, instead of taking our time, building deep connections, and providing our students with meaningful information.

6. What are some challenges, if any, you are currently facing in the digital classroom? *

A challenge I'm experiencing in the digital classroom is not being tech savvy. I wish to create fun lessons that are easy to access for my students. I am slowly teaching myself more and more each day.

7. What type of professional development/support would be beneficial to you right now? *

Anything that will help with technology (Ex: Canvas)

8. What support would be helpful from your school-based mentor? *

Mental health checks (she's great at that!!) :)

Enjoy your weekend!

Classroom management still but through virtual learning. How to keep students engaged and motivated and organized.

Feedback towards instruction. Such as a student struggling with a lesson or even struggling with getting on to do instruction at all.

7. What type of professional development/support would be beneficial to you right now? *

How to give feedback and encouragement through virtually

8. What support would be helpful from your school-based mentor? *

We are meeting once a week through teams if not more. She is extremely helpful. I couldn't ask for any more support than what she is already giving.

Subject: Mentor Logs due - 5/25/2020

Good afternoon!

We hope your Monday is off to a great start! It's hard to believe we are in the home stretch of the school year - just this week and next to go!

As you already know, the Mentor Log is an important document that helps us tailor the support you are given from your school-based mentor. As new teacher, when you meet with your mentor, it's important for you focus on your current needs as a way to improve your pedagogy and increase student achievement.

Please be sure to submit your mentor log to Terri Beckham by Monday, May 25th. Keep these points in mind before submitting.

- Your responses from the 4th quarter survey are recorded in the "New Teacher's Needs" box
- New Teacher's name and ID number
- Mentor's name and ID number
- School
- START and END times for each time you met
- Detailed explanation of support including action steps, when applicable
- Total hours spent mentoring new teacher
- "Signature" of BOTH the new teacher and the mentor teacher.

If you would like a refresher on the Mentor Log, please click [HERE](#).

Should you have questions, please reach out. We are always happy to assist!

Good morning! I have a few questions. I don't remember what responses I put for the 4th quarter survey, so in the top box I just put what my needs are as a new teacher, is that okay?

Also how would my mentor sign this? Do I send it to her so she can see it and type her signature in?

Thank you so much!!

Hi Takesha!

Just type in your names where you would normally sign. I am fine with that unless you are willing and able to print, sign, scan, and email. Just do what is easier for you at this time.

Thanks!

How are we supposed to get an actual signature? Do our mentors have to print, sign and then scan again?

Subject: Mentor Logs due - 5/25/2020

Good afternoon!

We hope your Monday is off to a great start! It's hard to believe we are in the home stretch of the school year - just this week and next to go!

As you already know, the Mentor Log is an important document that helps us tailor the support you are given from your school-based mentor. As new teacher, when you meet with your mentor, it's important for you focus on your current needs as a way to improve your pedagogy and increase student achievement.

Please be sure to submit your mentor log to Terri Beckham by Monday, May 25th. Keep these points in mind before submitting.

- Your responses from the 4th quarter survey are recorded in the "New Teacher's Needs" box
- New Teacher's name and ID number
- Mentor's name and ID number
- School
- START and END times for each time you met
- Detailed explanation of support including action steps, when applicable
- Total hours spent mentoring new teacher
- "Signature" of BOTH the new teacher and the mentor teacher.

If you would like a refresher on the Mentor Log, please click [HERE](#).

Should you have questions, please reach out. We are always happy to assist!

Subject: Mentor Logs due - 5/25/2020

Good afternoon!

We hope your Monday is off to a great start! It's hard to believe we are in the home stretch of the school year - just this week and next to go!

As you already know, the Mentor Log is an important document that helps us tailor the support you are given from your school-based mentor. As new teacher, when you meet with your mentor, it's important for you focus on your current needs as a way to improve your pedagogy and increase student achievement.

Please be sure to submit your mentor log to Terri Beckham by Monday, May 25th. Keep these points in mind before submitting.

- Your responses from the 4th quarter survey are recorded in the "New Teacher's Needs" box
- New Teacher's name and ID number
- Mentor's name and ID number
- School
- START and END times for each time you met
- Detailed explanation of support including action steps, when applicable
- Total hours spent mentoring new teacher
- "Signature" of BOTH the new teacher and the mentor teacher.

If you would like a refresher on the Mentor Log, please click [HERE](#).

Should you have questions, please reach out. We are always happy to assist!

There really wasn't a need. In our current reality, we've just been trying to get our more difficult students to engage and keep our performing students motivated through phone calls and computer communication. We were given permission to use Edgenuity, so we've only had to provide direct instruction when there were misunderstandings. Our entire staff communicates daily with text messages, so all questions were answered.

Subject: RE: Mentor Logs due - 5/25/2020

Good afternoon, I am so happy we are in the home starch. Just 5 more days 😊 I understand that you may need documentation but considering the COVID-19, the social distancing protocols, as well as the compassion and grace we are to be showing right now, I would hope there could be a waver for this quarter. I myself don't have any time logged for this quarter.

Thank you,
Jennifer Freeland

Subject: Re: Mentor Logs due - 5/25/2020

Happy FriYAY afternoon!

This is it! We are in the home stretch of the 19-20 school year. Students are finished as of Thursday, and after Friday, you start your much deserved summer break.

THANK YOU to the many who have successfully submitted their Mentor Logs. We appreciate your work on this. For those of you who have not turned in your documentation yet, please do so by Tuesday, May 26th. (We originally had the final collection date set for Monday, but it's Memorial Day, and we are off.) To be honest, do days count anymore? :)

Should you have questions regarding the Mentor Log, please reach out. We am happy to help!

Wishing you an enjoyable last week of school and HAPPY SUMMER!

Subject: Mentor Logs due - 5/25/2020

Good afternoon!

We hope your Monday is off to a great start! It's hard to believe we are in the home stretch of the school year - just this week and next to go!

As you already know, the Mentor Log is an important document that helps us tailor the support you are given from your school-based mentor. As new teacher, when you meet with your mentor, it's important for you focus on your current needs as a way to improve your pedagogy and increase student achievement.

Please be sure to submit your mentor log to Terri Beckham by Monday, May 25th. Keep these points in mind before submitting.

- Your responses from the 4th quarter survey are recorded in the "New Teacher's Needs" box
- New Teacher's name and ID number
- Mentor's name and ID number
- School
- START and END times for each time you met
- Detailed explanation of support including action steps, when applicable
- Total hours spent mentoring new teacher
- "Signature" of BOTH the new teacher and the mentor teacher.

If you would like a refresher on the Mentor Log, please click [HERE](#).

Should you have questions, please reach out. We are always happy to assist!

Hi Terri - It's Susan again. I found Quarter 3 log not signed in my log book for my mentee, Dawn Whiting. I am doing everything for her. It's ok. I am just going to type in Qtr. 3 and send to you and also do Qtr. 4 and send.

Alicia Burt had sent you an email a while back confirming that she did not need a mentor anymore - that she was already 3 yrs. I don't know if she confirmed that with Mrs. Davis, she never told me. I have Qtr. 3 for her also but at present I am not submitting anything.

Please let me know if any of this is not correct. Thanks so much!

Hi Susan.

I had asked for them on the 25th because your last day is the 29th. Yes, you can send them electronically. Instead of a signature, you can type in your name and your new teacher's name.

Hi Terri - I hope things are going well. I had 2 due dates for the mentor logs. First I thought they were not due till the end of school and you recently said the 25th. Also, we send them electronically, correct? Thanks. Have a great weekend and see you next week.

Good afternoon.

We hope you are doing well this wonderful Wednesday afternoon. Just two more work days and summer vacation is here! Can you feel it?

You are receiving this email because we have not yet received your second semester Mentor Log. If you find this to be an error, we apologize. (The emails have been flying in fast and furious, and yours may have been accidentally missed.) Simply email or call Terri Beckham, and she will work with you through this. If you are finalizing the log - GREAT! Please be sure to submit this document to Terri Beckham before you "leave" for summer break. It's important that **all** parts of the log are filled out. Since we are working remotely, you may type your names for the signature portion of the log. Also, it's important to tally up the hours. If your document is in One Drive, you can simply share your link.

Thank you, in advance, for attentively tending to this important matter. Should you have concerns, please reach out. We are always happy to assist in any way we can!

Good afternoon Terri,

My log has been completed and is shared with you on One Drive. I am just waiting for my mentor to look it over and sign it. She (JoAnne McCarty) told me she had emailed you last week about going through health problems right now, so she hasn't accessed the log yet. I am just waiting on that.

Thank you!

Subject: Mentor Logs Needed ASAP

Good afternoon.

We hope you are doing well this wonderful Wednesday afternoon. Just two more work days and summer vacation is here! Can you feel it?

You are receiving this email because we have not yet received your second semester Mentor Log. If you find this to be an error, we apologize. (The emails have been flying in fast and furious, and yours may have been accidentally missed.) Simply email or call Terri Beckham, and she will work with you through this. If you are finalizing the log - GREAT! Please be sure to submit this document to Terri Beckham before you "leave" for summer break. It's important that **all** parts of the log are filled out. Since we are working remotely, you may type your names for the signature portion of the log. Also, it's important to tally up the hours. If your document is in One Drive, you can simply share your link.

Thank you, in advance, for attentively tending to this important matter. Should you have concerns, please reach out. We are always happy to assist in any way we can!

Good morning Shannon.

Again, thank you for attending the new teacher meeting yesterday afternoon. Per your request, I did reach out to HR and was able to confirm that you are in your **fourth** year of teaching. Therefore, you are not required to participate in the STAR Program unless you have been requested to do so by your administration.

Please reach out should you have further questions. I am happy to help!

Subject: End of Year - YAHOO!

Good morning!

You made it! Today's the last day of the 2019-2020 school year, and what a year it has been! You are resolute! As newer teachers, you have already experienced quite a bit of challenges and successes in your young career! Feel proud!

Thank you for working closely with your mentor. Having a mentor is a powerful asset to have in your educational tool belt. Your mentor is a trained educator who can provide great insight into best practices that will help improve student achievement. Working collaboratively with your mentor and having a growth mindset will serve you well for years to come!

Please take some time to rest this summer and make memories with friends and family. If you just finished your first or second year in the classroom, we look forward to working with you again next year. If this is your third year of teaching, congratulations on completing the STAR Program!

THIS COULD BE YOU, BUT...

 Bored Teachers

YOU'RE NOT A TEACHER ON SUMMER BREAK!

Hi Terri,

You can put me down for the afternoon.

Heads-up, though. We were told back in February that we would have a "Leadership Training" July 20th-24th that would be all day all week for all principals and AP's. Haven't gotten the invite, but we were told by Mr. Bass & Mr. Myhre to hold that week open. Might want to check with them.
