Public Input

- Question asking when the front sign will be done.
 - It was scheduled to be done this week.
- Fifth grade students will be receiving CPR/AED training in February. Dates are February 22nd, 23rd, 25th and 28th. This will be an hour class from 8:45 to 9:45. Gayl from FL Heart will be teaching the classes.
- There are still concerns about the traffic at the light. It was asked if that was a matter that needed to go to Road and Bridge. This matter was addressed with the county previously and Tonya Colletti will follow up with Kelly Speak to what was determined and if any further steps can be made. The school has reported it and we have had deputies help periodically. The Sherriff's department is understaffed and will send someone if/when they have the manpower.
- There is a concern about the traffic traveling west on 81st. The cars and busses drive at a high rate of speed making it dangerous for parents to pull out.
 - This has also been addressed with the SRO and Sherriff department. We have asked for a school zone in the past as well.

Agenda minutes from August:

- Motion to approve by Debbie Kirkman seconded by William Hulings. Motion passed unanimously.

- The IB Ambassadors for the first nine weeks have been named and honored.
- The service action plan for this year will be Toys for Tots.
- The IB 5K is November 6th at Sebastian River High school. Everyone is encouraged to attend.

- We are up for Reevaluation next year. It will take place sometime in January or February. Parents will be needed.
- We are looking to redo the signs in the parent pickup and bus loop. The company who did the signs are going to give us a quote to just reprint the designs not to replace the whole thing. The metal is still good. There will be sponsorships again for the signs.
