Ms. Vernet shared the Principal's Report

- o Data Com Summary: After our IMPACT Review instruction has improved since the beginning of the year. Students are not only improving academically, but Social Emotionally as well. Learning gains in math and science are surpassing the district goal for DTE. In ELA we are making progress, but we need to keep improving. A2 funding will be used to support teachers who are using their lunch and planning periods to close learning gaps in reading, writing, math, and science. The Instructional Coaches are tutoring and teaching students who are considered Bottom Quartile and students close to proficiency. Moonshot Academy is supporting phonics instruction in Grades 1-3. A2 Afterschool tutoring is supporting students in Grades 3-5. District suggestions from Data Com were to be strategic and modify the schedule to support students during testing, and practice endurance and time management strategies. Concentrate on specific skills students need and focus on Grade 5 science. Use UNIFY to track student data and share with students how they rank compared to other schools in the District.
- o iReady focus for closing gaps for Grades K-5: All teachers K-5 are focusing on closing the gaps in reading and math using iReady data to support small group instruction.
- o Professional Development for Teachers included iReady, Lexia, and Discovery Ed.

No request for Funds at this time: Although, we will be putting in a school-wide request for headphones, radios, and incentives for FSA testing.

Next SAC meeting is February 15, 2022 at 8:00am in person in room 204 or on TEAMS if needed due to COVID concerns.
