REPORTS TO:

Principal or designee

JOB GOAL

To provide an educational experience in which students acquire knowledge and skills for a career in health science.

SUPERVISES:

N/A

PERFORMANCE RESPONSIBILITIES:

Planning/Preparation

- *(1) Create or select short- and long-range plans based on district and state curriculum requirements, student profiles and instructional priorities.
- *(2) Identify specific intended learning outcomes that are challenging, meaningful, and measurable.
- *(3) Plan and prepare a variety of learning activities considering individual student's culture, learning styles, special needs, and socio-economic background.
- *(4) Develop or select instructional activities which foster active involvement in the learning process.

TEACHER, HEALTH SCIENCE EDUCATION (Continued)

- *(5) Identify, select and modify instructional materials to meet the needs of students with varying backgrounds, learning styles and special needs.
- *(6) Revise instruction as medical information and procedures change.
- *(7) Assist in assessing changing curricular needs and plans for improvement.

Administrative/Management

- *(8) Maintain a positive, organized and safe learning environment.
- *(9) Manage time effectively.
- *(10) Manage materials and equipment effectively.
- *(11) Use effective student behavior management techniques.
- *(12) Enforce school rules, administrative regulations and Board policies.
- *(13) Ensure that students participating in clinical activities have appropriate immunizations.
- *(14) Ensure that parents/legal guardians and students have clear understanding of program expectations.
- *(15) Provide clinical scenarios to parents/legal guardians.
- *(16) Ensure that parents/legal guardians and students adhere to confidentiality and ethical requirements.
- *(17) Establish and maintain effective and efficient record keeping procedures, including but not limited to, required individual student plans and reports.
- *(18) Use technology resources effectively.
- *(19) Coordinate and monitor the work of volunteers and aides when assigned.

Assessment/Evaluation

- *(20) Develop and use assessment strategies (traditional and alternative) to assist the continuous development of students.
- *(21) Interpret data (including but not limited to standardized and other test results) for diagnosis, instructional planning and program evaluation.
- *(22) Establish appropriate testing environment and test security.
- *(23) Communicate, in understandable terms, individual student progress to the student, parents, and professional colleagues who need access to the information.
- *(24) Evaluate the effectiveness of instructional units and teaching strategies.

Intervention/Direct Services

- *(25) Demonstrate knowledge and understanding of subject matter.
- *(26) Communicate high learning expectations for all students.
- *(27) Provide training for students to meet established criteria of the health science education program.
- *(28) Apply principles of learning and effective teaching in instructional delivery.
- *(29) Use a variety of instructional strategies appropriate for teaching students from diverse backgrounds with different learning styles and special needs and which enhance the application of critical, creative and evaluative thinking capabilities.
- *(30) Use appropriate material, technology, and other resources to help meet learning needs of all students.
- *(31) Provide appropriate instructional modification for students with special needs, including exceptional education students and students who have limited English proficiency.
- *(32) Incorporate Health Occupation Student Association (HOSA) activities into the educational program.
- *(33) Recognize overt indicators of student distress or abuse and take appropriate action based on school procedures and law.

TEACHER, HEALTH SCIENCE EDUCATION (Continued)

- *(34) Provide instruction on safety procedures and proper handling of materials and equipment.
- *(35) Foster student responsibility, appropriate social behavior, integrity, valuing of cultural diversity, and respect for self and others by role modeling and learning activities.
- *(36) Assist students with health and hygiene needs as required.

Collaboration

- *(37) Communicate effectively, both orally and in writing, with other professionals, students, parents and community.
- *(38) Provide accurate and timely information to parents and students about academic and behavioral performance of students.
- *(39) Articulate with the community college regarding continuity of programs.
- *(40) Collaborate with other professionals and parents after recognizing student distress or abuse.
- *(41) Collaborate with peers and other professionals to enhance student learning.

Staff Development

- *(42) Engage in a continuing improvement of professional skills and knowledge.
- *(43) Establish and implement an individual Professional Development Plan annually in accordance with state and district requirements.

Professional Responsibilities

- *(44) Act in a professional and ethical manner and adhere at all times to The Code of Ethics and Principles of Professional Conduct of the Education Profession in Florida.
- *(45) Demonstrate attention to punctuality and regular attendance.
- *(46) Prepare all required reports in an accurate and timely manner and maintain all appropriate records.
- *(47) Maintain confidentiality of student and other professional information.
- *(48) Comply with policies, procedures and programs.
- *(49) Exercise appropriate professional judgment.
- *(50) Support school improvement initiatives.
- *(51) Ensure that student growth and performance are continuous and appropriate for age group, subject area and/or student program classification.
Perform other tasks consistent with the goals and objectives of this position.
