

Call to Order 8:12 am by Amy Korzon *May 13, 2022*

Approve Minutes from April 8, 2022 Motion to approve Trina and Anabella

Sign in Attendance: Rachel Finnegan, Amy Korzon, Kristine O'Hagan, Trina Van Os, Anabella, Kristi, Dr. Kowie, (I do not have the sheet)

Principal Report: Rachel Finnegan

Arrival and Dismissal changes: New contract for teachers only on duty 20 minutes per week, max coverage and speed. Riley and Jellie volunteer to call cars, normally administration is at the Bus or Car so there is an administrator. Monitor at the gate too. Trying to make changes to support the contract and coverage to create a more efficient way. Last year we were maxing space because of covid now we have changes. We have all the kids in the cafeteria. Now, by allowing all the children in the cafeteria it helps custodial staff and food and nutrition. This helps the children know where they are eating and when.

Sunday night call to add the message for car lines and early care drivers to be safe. The goal is to get the carline moving so teachers' complete duty by 3:50 and after that, administration will take over. Changes have been positive. The parents in attendance said that it is going smoothly. At 4:00, the parents will have to pick up their student in the front office area.

There is a need for siblings to sit at the correct table. It is not a social hour. It is about getting the children out and in the right car as soon as possible.

Emergency Drills and Alerts

This summer there will be a work order for new posts.

We have card readers and safe lines, this past Wednesday. Discussion about triggered alarm, Finnegan explained that someone hit the panic button and triggered the school. The internal control panel had an issue. The entire staff is trained, Finnegan explained the drills to the parents regarding safety matters. The staff was impressed with the Sheriff Department and their actions on campus. Within 12 minutes there were at least 12 officers in response. Every time there is a drill there will be text messages going thru. Officer McFarland did a great job! Alert, Lock down, Inform, (ALERT) as the children can go thru school the children can place the alert.

School Grade Predications:

FSA 5 points from an A. We are behind 38 points to an A. It really takes the entire school. We do not have the FSA scores back yet. Less than 20 students to reach goals, and there is also summer school. We do not know when the test scores will be coming out. FSA is gone for next year. We do not know what the new name for the test.

School store

Products can be purchased with surf, which is used with the PBIS.

An email will be coming up with dates for next year's meeting date.

Motion to adjourn 8:50 Amy Korzon, all approved.

Submitted Kristine O'Hagan, Secretary
