PROGRAMS

International Baccalaureate Program: the hallmark of all academics at SRHS, which provides a global educational opportunity to all students, who have an interest in advancing into the best colleges and/or universities in the country.

AP/Honors Advance Courses is provided to all students who want to instill more rigorous and challenging courses in their academic schedule and have an opportunity to earn college-level credit by passing the AP Exam at the end of year.

Navy Junior ROTC/Embry Riddle Institute (Drone Program) is an additional learning opportunity for NJROTC students to earn dual enrollment credit in piloting unmanned aircrafts. It builds a militaristic perspective as to how we keep our country safe and secure.

Dual Enrollment is a collaborative partnership between IRSC and SRHS, which gives all students an opportunity for early academic advancement to secure a free college education, which leads to an Associate of Arts or Associate of Science degree.

The SDIRC Secondary Career & Technical Education (CTE) Programs focus on the academic, leadership and technical skills required to be successful in today's economy. The following CTE programs are offered:

Aerospace Technologies: Students are provided instruction in the foundation of knowledge and technically oriented experiences in the study of Aerospace Technologies, its effect upon our lives, and the choosing of an occupation. This program focuses on transferable skills and stresses understanding and demonstration of the technological tools, machines, instruments, materials, processes and systems in business and industry.

Applied Cybersecurity: Students are provided instruction in computer and network security, security vulnerabilities, attack mechanisms and techniques, intrusion detection and prevention, cryptographic systems, system hardening, risk identification, incidence response, penetration testing, key management, access control, and recovery.

Automotive Maintenance and Light Repair: Students are provided instruction in the current automotive industry standards, techniques, service, and repair.

Biotechnology: Students are provided instruction in the cutting-edge industry of Biotechnology and can earn an industry certification, becoming Biotechnician Assistants.

Culinary Arts: Students are provided instruction in the preparation and presentation of a variety of foods and in safe/efficient work practices.

Marketing, Management and Entrepreneurial Principles: Students are provided instruction in the technical knowledge and skills needed to prepare for further education and careers in the Marketing, Sales and Service career cluster; provides technical skill proficiency, and includes competency-based applied learning that contributes to the academic knowledge, higher-order reasoning and problem-solving skills, work attitudes, general employability skills, technical skills, and occupation-specific skills, and knowledge of all aspects of the Marketing, Sales and Service career cluster.

Nursing Assistant/Home Health Aide: Students are provided instruction in health science and can earn certification in nursing assistance.
