Dear Families,

We need your help!

As part of the requirement of the Individuals with Disabilities Education Act (IDEA) section 616(b) (1)(C), the Florida Department of Education must review its SPP (State Performance Plan) at least once every six years and submit any amendments to the Secretary of Education. A component of this requirement is collecting stakeholder feedback. The following link will lead you to a survey to collect feedback until January 25, 2022. Please participate in this opportunity to continue providing Florida's students an excellent education.
