Plan Details

UnitedHealthcare® MedicareRxSM for Groups (PDP)

Your former employer or plan sponsor has selected a UnitedHealthcare® MedicareRxSM for Groups (PDP) plan for your prescription drug coverage. This is a plan designed just for a former employer or plan sponsor, like yours. Only eligible retirees of your former employer or plan sponsor can enroll in this plan. This plan is also known as a Medicare Part D plan.

Original Medicare (Parts A and B) helps pay for some of the costs of hospital stays and doctor visits, but it doesn't cover prescription drugs. Medicare Part D plans help with prescription drug costs. You can get Part D coverage through a private insurance company, like UnitedHealthcare®.

Make sure you are signed up for Medicare.

You must be entitled to Medicare Part A and/or enrolled in Medicare Part B to enroll in this plan.

- If you're not sure if you are enrolled, check with Social Security. Visit www.ssa.gov/locator or call **1-800-772-1213**, TTY **1-800-325-0778**, between 7 a.m. – 7 p.m. local time, Monday – Friday.
- If you are enrolled in Part B, you must continue to pay your Part B monthly premium to Social Security to keep your Part B coverage. If you stop paying your Medicare Part B premium, you will be disenrolled from Medicare Part B and this could affect your medical coverage.

How your Group Medicare Part D plan works

Here are Medicare's rules about what types of coverage you can have either as an addition to or combined with a group-sponsored Medicare Part D prescription drug plan.

Rule 1: One plan at a time

- You may be enrolled in only one Medicare Part D prescription drug plan at a time. This means you may have one Medicare Part D plan or one Medicare Advantage plan that includes prescription drug coverage, but not both.
- The plan you enroll in last is the plan that Centers for Medicare & Medicaid Services (CMS) considers to be your final decision.
- If you enroll in another plan with prescription drug coverage after your enrollment in this group-sponsored plan, you will be disenrolled from this plan.
- Any eligible family members may also be disenrolled from their group-sponsored coverage and you and your family may not have drug coverage through your plan sponsor or former employer.

Rule 2: You must have employer group-sponsored coverage

Your group-sponsored Medicare Part D plan includes only drug coverage. It does not include medical care coverage.

- If you want a Medicare Advantage plan, it must come through a group like your former employer or plan sponsored Part D prescription drug plan.
- If you enroll in an individual medical plan, you may be disenrolled from this group-sponsored prescription drug plan.

Remember: If you drop or are disenrolled from your group-sponsored retiree drug coverage, you may not be able to re-enroll. Limitations and restrictions vary by your former employer or plan sponsor.

What is IRMAA?

The Income-Related Monthly Adjustment Amount (IRMAA) is an amount Social Security determines you may need to pay in addition to your monthly plan premium if your modified adjusted gross income on your IRS tax return from two years ago is above a certain limit. This extra amount is paid directly to Social Security, not to your plan. Social Security will contact you if you have to pay IRMAA.

What is a Medicare Part D Late Enrollment Penalty (LEP)?

Most people first become eligible for Medicare when they turn 65. This is your Initial Enrollment Period. If, at any time after you first become eligible for Part D, there's a period of at least 63 days in a row when you don't have Part D or other creditable prescription drug coverage, a penalty may apply. Creditable coverage is prescription drug coverage that is at least as good as or better than what Medicare requires. The late enrollment penalty is an amount added to your monthly Medicare premium and billed to you separately by UnitedHealthcare.

When you become a member, your former employer or plan sponsor will be asked to confirm that you have had continuous Part D coverage. If your former employer or plan sponsor asks for information about your prescription drug coverage history, please respond as quickly as possible to avoid an unnecessary penalty. Once you become a member, more information will be available in your Evidence of Coverage (EOC). Your Quick Start Guide will include details on how to access your EOC.

Call Social Security to see if you qualify for Extra Help

If you have a limited income, you may be able to get Extra Help to pay for your prescription drug costs. If you qualify, Extra Help could pay up to 75% or more of your drug costs. Many people qualify and don't know it. There's no penalty for applying and you can re-apply every year.

Toll-free call **1-800-772-1213**, TTY **1-800-325-0778**, between 7 a.m. – 7 p.m. local time, Monday – Friday

How your prescription drug coverage works

Your Medicare Part D prescription drug coverage includes thousands of brand name and generic prescription drugs. Check your plan's drug list to see if your drugs are covered.

What pharmacies can I use?

You can choose from over 67,000 national chain, regional and independent local retail pharmacies.

What is a drug cost tier?

Drugs are divided into different cost levels or tiers. In general, the lower the tier, the less you pay.

What will I pay for my prescription drugs?

What you pay will depend on the coverage your former employer or plan sponsor has arranged and on what drug cost tier your prescription falls into. Your cost may also change during the year based on the total cost of the prescriptions you have filled.¹

The price you pay for a covered drug will depend on two factors:

1. The drug cost tier for your drug

Each covered drug is assigned to a tier. Generally, the lower the tier, the less you pay.

Tier	Cost	Description
Tier 1		All covered generic drugs.
Tier 2		Many common brand name drugs, called preferred brands.
Tier 3		Non-preferred brand name drugs. In addition, Part D eligible compound medications are covered in tier 3.
Tier 4 (Specialty)		Unique and/or very high-cost brand drugs.

2. Your Medicare drug payment stages

Annual deductible: If your plan has a deductible, you pay the total cost of your drugs until you reach the deductible amount set by your plan. Then you move to the initial coverage stage. If you don't have a deductible, your coverage begins in the initial coverage stage.

Initial Coverage	Coverage Gap (Donut Hole)	Catastrophic Coverage
<p>In this drug payment stage:</p> <ul style="list-style-type: none"> You pay a copay or coinsurance (percentage of a drug's total cost) and the plan pays the rest You stay in this stage until your total drug costs reach \$4,020 	<p>Your plan provides additional coverage through the gap.</p> <ul style="list-style-type: none"> You continue to pay the same copay or coinsurance as you did in the initial coverage stage You stay in this stage until your out-of-pocket costs reach \$6,350 	<p>After your out-of-pocket costs reach \$6,350:</p> <ul style="list-style-type: none"> You pay a small copay or coinsurance amount You stay in this stage for the rest of the plan year

Total Drug Costs: The amount you pay (or others pay on your behalf) and the plan pays for prescription drugs starting January 2020. This does not include premiums.

Out-of-Pocket Costs: The amount you pay (or others pay on your behalf), including the deductible, for prescription drugs starting January 2020. This does not include premiums.

Ways to save on your prescription drugs

You may save on the medications you take regularly

If you prefer the convenience of mail order, you could save time and money by receiving your maintenance medications through OptumRx® Home Delivery. You'll get automatic refill reminders and access to licensed pharmacists if you have questions.

Get a 3 month¹ supply at retail pharmacies

In addition to OptumRx® home delivery, most retail pharmacies offer 3 month supplies for some prescription drugs.

Check your UnitedHealthcare pharmacy directory to see if a retail pharmacy offers 3 month supplies noted with a  symbol. An online pharmacy directory is available at:

www.UHCRetiree.com

To request a printed directory, call Customer Service toll-free at:

1-877-558-4749, TTY 711, 8 a.m. - 8 p.m. local time, 7 days a week

Ask your doctor about trial supplies

A trial supply allows you to fill a prescription for less than 30 days. This way you can pay a reduced copay or coinsurance and make sure the medication works for you before getting a full month supply.

Explore lower cost options

Each covered drug in your drug list is assigned to a drug cost tier. Generally, the lower the tier, the less you pay. If you're taking a higher-tier drug, you may want to ask your doctor if there's a lower-tier drug you could take instead.

Have an annual medication review

Make an appointment to have an annual medication review with your doctor, to make sure you are only taking the drugs you need.

¹Your former employer or plan sponsor may provide coverage beyond 3 months. Please refer to the Benefit Highlights or Summary of Benefits for more information.

The UnitedHealthcare Savings Promise

UnitedHealthcare is committed to keeping your prescription drug costs down. As a UnitedHealthcare member, you have our Savings Promise that you'll get the lowest price available. That low price may be your plan copay, the pharmacy's retail price or our contracted price with the pharmacy.

Drug List

Drug List

This is a partial alphabetical list of prescription drugs covered by the plan as of August 1, 2019. This list can change throughout the year. Call us or go online for the most complete, up-to-date information. Our phone number and website are listed on the back cover of this book.

- ☐ **Brand name** drugs are in **bold** type. Generic drugs are in plain type
- ☐ Covered drugs are placed in tiers. Each tier has a different cost
 - Tier 1: Preferred generic
 - Tier 2: Preferred brand
 - Tier 3: Non-preferred drug
 - Tier 4: Specialty tier
- ☐ Each tier has a copay or coinsurance amount
- ☐ See the Summary of Benefits in this book to find out what you'll pay for these drugs
- ☐ Some drugs have coverage requirements, such as Prior Authorization or Step Therapy. If your drug has any coverage rules or limits, there will be code(s) in the list. The codes and what they mean are shown below

PA Prior authorization	The plan needs more information from your doctor to make sure the drug is being used correctly for a medical condition covered by Medicare. If you don't get prior approval, it may not be covered.
QL Quantity limits	The plan only covers a certain amount of this drug for 1 copay. Limits help make sure the drug is used safely. If your doctor prescribes more than the limit, you or your doctor can ask the plan to cover the additional quantity.
ST Step therapy	You may need to try lower-cost drugs that treat the same condition before the plan will cover your drug. If you have tried other drugs or your doctor thinks they are not right for you, you or your doctor can ask the plan for coverage.
B/D Medicare Part B or Part D	Depending on how this drug is used, it may be covered by Medicare Part B or Part D. Your doctor may need to give the plan more information about how this drug will be used to make sure it's covered correctly.
HRM High-risk medication	This drug is known as a high-risk medication (HRM) for patients 65 years and older. This drug may cause side effects if taken on a regular basis. We suggest you talk with your doctor to see if an alternative drug is available to treat your condition.

T1 = Tier 1 T2 = Tier 2 T3 = Tier 3 T4 = Tier 4

Y0066_190516_092901_M

LA Limited access	The FDA only lets certain facilities or doctors give out this drug. It may require extra handling, doctor coordination or patient education.
MME Morphine milligram equivalent	Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional limit is called a cumulative morphine milligram equivalent (MME), and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than 1 opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.
7D 7-Day limit	An opioid drug used for the treatment of acute pain may be limited to a 7-day supply for members with no recent history of opioid use. This limit is intended to minimize long-term opioid use. For members who are new to the plan, and have a recent history of using opioids, the limit may be overridden by having the pharmacy contact the plan.
DL Dispensing limit	Dispensing limits apply to this drug. This drug is limited to a 1 month supply per prescription.

Additional Drug Coverage

Bonus Drug List

Your employer group or plan sponsor offers a bonus drug list. The prescription drugs on this list are covered in addition to the drugs on the plan’s drug list (formulary).

The drug tier for each prescription drug is shown on the list.

Although you pay the same copay or coinsurance for these drugs as shown in the Summary of Benefits and Evidence of Coverage, the amount you pay for these additional prescription drugs **does not apply to your Medicare Part D out-of-pocket costs**. Payments for these additional prescription drugs (made by you or the plan) are treated differently from payments made for other prescription drugs.

Coverage for the prescription drugs on the bonus drug list is in addition to your Part D drug coverage. Unlike your Part D drug coverage, you are unable to file a Medicare appeal or grievance for drugs on the bonus drug list. If you have questions, please call Customer Service using the information on the cover of this book.

If you get Extra Help from Medicare to pay for your prescription drugs, it will not apply to the drugs on this bonus drug list.

This is not a complete list of the prescription drugs available to you or the restrictions and limitations that may apply through the bonus drug list. If your drug has any coverage rules or limits, there will be code(s) in the “Coverage Rules or Limits on use” column of the chart. The codes and what they mean are shown below. If you have questions about drug coverage, please call Customer Service using the information on the cover of this book.

QL Quantity limits	The plan only covers a certain amount of this drug for one copay or over a certain number of days. These limits may be in place to ensure safe and effective use of the drug.
DL Dispensing limit	Dispensing limits apply to this drug. This drug is limited to a one month supply per prescription.

5. Please read this important information

People with limited incomes may qualify for Extra Help to pay for their prescription drug costs. If you qualify, Medicare could pay for 75% or more of drug costs including monthly prescription drug premiums, annual deductibles, and coinsurance. Additionally, those who qualify won't have a coverage gap or a Late Enrollment Penalty. Many people are eligible for these savings and don't even know it. For more information about this Extra Help, contact your local Social Security office, or call Social Security at 1-800-772-1213. TTY users should call 1-800-325-0778. You can also apply for Extra Help online at www.socialsecurity.gov/prescriptionhelp.

If you are a member of a Medicare Advantage plan (like an HMO or PPO), you may already have prescription drug coverage through your Medicare Advantage plan that will meet your needs. By joining UnitedHealthcare® MedicareRx for Groups (PDP), your membership in your Medicare Advantage plan may end. This will affect both your doctor and hospital coverage as well as your prescription drug coverage. Read the information that your Medicare Advantage plan and your plan sponsor send you, and if you have questions, contact your Medicare Advantage plan or your plan sponsor.

UnitedHealthcare® MedicareRx for Groups (PDP) is a Medicare Prescription Drug plan available through your plan sponsor. If you enroll in an individual Prescription Drug plan in the future, you could lose your group sponsored coverage and you may not be able to re-enroll. Before you decide to change your coverage, ask your plan sponsor about your options. Counseling services may be available in my state to provide advice concerning Medicare supplement insurance or other Medicare Advantage or Prescription Drug Plan options, medical assistance through the state Medicaid program, and the Medicare Savings Program.

Statements of Understanding

By enrolling in this plan, I agree to the following:

PART **UnitedHealthcare® MedicareRx for Groups (PDP) is a Medicare Prescription Drug plan and has a contract with the federal government.**

This prescription drug coverage is in addition to my coverage under Medicare. I need to keep my Medicare Part A and/or Part B, and I must continue to pay my Medicare Part B premium if not paid for by Medicaid or a third party.

UnitedHealthcare MedicareRx for Groups (PDP) is available in all U.S. states, the District of Columbia and all U.S. territories.

I understand that I must use network pharmacies except in an emergency when I cannot use the plan's network pharmacies.

I can only be in one Prescription Drug Plan at a time.

- By enrolling in this plan, I will automatically be disenrolled from any other Medicare Part D Prescription Drug Plan.
- If I have prescription drug coverage or if I get it from somewhere other than this plan, I will inform UnitedHealthcare.
- Enrollment in this plan is generally for the entire plan year. I may leave this plan only at certain times of the year or under special conditions.

I may have to pay a late enrollment penalty for Medicare's prescription drug coverage.

This applies if I did not sign up for and maintain creditable prescription drug coverage when I first became eligible for Medicare, or if I leave this plan and don't have or get other prescription drug coverage. If I have a late enrollment penalty, I will get a letter making me aware of the penalty and what the next steps are.

I will receive information on how to get an Evidence of Coverage (EOC).

- The EOC will have more information about the drug coverage offered by the plan, as well as the terms and conditions.
- I have the right to appeal plan decisions about payment or services if I disagree.

My information will be released to Medicare and other plans, only as necessary, for treatment, payment and health care operations.

Medicare may also release my information for research and other purposes that follow all applicable Federal statutes and regulations.
